

NOTE: All 'adoptions' are listed on the RAM Solomons Island website at <www.ramguadalcanal.com.sb>

Currently many contributions are shown as 'adopting' "...Region". A SI Region includes many very small villages - perhaps only a few families - but eventually clubs will be given these village names when the distribution of the nets has been completed. Note that a number of clubs will be 'adopting' villages from any one Region.
